

Maisemore Court Lakeside Events & Marquee Weddings

We are proud to present our unique marquee location overlooking the lake in the picturesque grounds of Maisemore Court.

This venue just outside Gloucester is next to the beautiful St Giles Church, with its avened approach, and to the historic buildings of the Maisemore Court Farm, which now form the award-winning Steadings Business Centre. These landmarks combine to produce many wedding photo opportunities on the short walk to the marquee site from the church or our car parks.

The site's versatility is ideal for bespoke wedding receptions, functions, and corporate or charity events. The gentle slope down to the lake provides a natural amphitheatre for musical performances, open-air theatre, as well as many other games and activities, and can be illuminated into the evening with lanterns to add ambience.
